

# FMF Cape Breton – Op LASER Update 6 April 2020

**Current Posture:  
3C “Protect” - Minimum Manning**

## Update Message

There have been a number of changes since our last update.

- The Deputy Minister directed an extension of the current posture (i.e. with most people working from home) until at least 30 Apr 20;
- The DM also noted that the ‘Ops Tempo’ may increase. At FMFCB, we may see some military members tasked for other requirements, and we may need to ramp up planning and execution of work in other vessels, so that the RCN can respond to government needs now and in the future; and
- The decision was made not to deploy HMCS CALGARY. However, CCFP sends his thanks for the work that FMFCB and others did in preparing her. She will stay in the local area, available to meet domestic needs or to deploy in the future if required.

Clearly, change will be a constant for the coming months. Thank you for your flexibility and hard work, we are doing our part to deliver important capabilities for Canada.

## Work Priorities

- Support CAL, REG & BRN at sea as required
- Limited support to DND contractual requirements in VAN & OTT
- Begin planning to support follow-on forces (WIN & SAS)
- Support other safety/urgent requirements as directed

*Due to limited capacity, please do not use DVPNI unless specifically authorized.  
Report your status to your supervisor daily by 09h00.*
