

FMF Cape Breton – Op LASER Update 11 May 2020

**Current Posture:
3C “Protect” - Minimum Manning**

Update Message

Hopefully everyone got outside to enjoy the terrific weather this weekend, and our mothers all got to enjoy a warm and happy Mother’s Day (unless they live anywhere else in Canada...). In accordance with the CDS’s message on Friday, military members are now permitted to follow provincial guidelines with respect to COVID-19 measures, unless they are assigned to Op LASER or any other operational function, in which case they must still follow the stricter CAF self-isolation requirements.

FMFCB starts work on a couple of critical jobs in REGINA today, as that ship and CALGARY are alongside to give their crews a well-deserved break. We also continue to develop, and prepare to implement, our Business Resumption Plan (which describes the steps we will take to get back to work) and our Exposure Control Plan (which describes the safety measures we’ll take when we do return to work). Key aspects of the ECP will be briefed to employees as it is implemented and as we shift to our ‘Sustain’ posture in the future. For now, continue to stay safe at home!

Work Priorities

- Support CAL, REG & BRN to facilitate their return to sea;
- Limited support to DND contractual requirements in VAN & OTT;
- Plan to prepare/support follow-on forces (TBD); and
- Support other safety/urgent requirements as directed.

*Due to limited capacity, please do not use DVPNI unless specifically authorized.
Report your status to your supervisor daily by 09h00.*
