

FMF Cape Breton – Op LASER Update 30 April 2020

**Current Posture:
3C “Protect” - Minimum Manning**

Update Message

We’re coming to the end of another week in COVID-induced isolation. Despite this, we’ve managed some more accomplishments: in particular, we successfully prepared OTTAWA for transfer to Victoria Shipyard Monday past, where she is starting a Docking Work Period (DWP).

Also, FMFCB’s work on REGINA’s impressive WWII paint scheme will get a showing on Sunday as the Task Group conducts a formation anchorage in Plumper Sound (between North Pender and Saturna Islands) for the commemoration of the 75th anniversary of the Battle of the Atlantic. Though we won’t get front-row seats due to Op LASER restrictions, we’re sure to see some good photos and footage after the ceremony.

On a more somber note, many of us have seen the terrible news that the embarked helicopter in HMCS FREDERICTON went missing in the Mediterranean Sea. This tragic news touches many of us, directly or indirectly, and our thoughts and prayers are with the crew and their families.

Work Priorities

- Support CAL, REG & BRN at sea as required;
- Limited support to DND contractual requirements in VAN & OTT;
- Plan to prepare/support follow-on forces (TBD); and
- Support other safety/urgent requirements as directed.

*Due to limited capacity, please do not use DVPNI unless specifically authorized.
Report your status to your supervisor daily by 09h00.*
