

FMF Cape Breton – Op LASER Update 15 June 2020

**Current Posture:
3B “Sustain”**

Update Message

Today marks the start of our 3B ‘Sustain’ posture, with part of the Production and Engineering Departments having started back at work. Thanks to all those ‘guinea pigs’ who started today and are ensuring that the safety measures in place make sense before a larger part of your shops/section return on Wednesday – if you have ideas for improvements, please pass them up through your supervisor.

A Temporary Memorandum on leave management was released last week – given the turmoil caused by COVID-19 and the minimum-staffing period, we’ll all have to exercise some flexibility in order to try to meet everyone’s leave requirements while supporting the RCN’s requirements over the summer. If you have an idea of your intentions for the summer, please let your supervisor know soonest.

Stay healthy and stay safe!

Work Priorities

- Execute work periods to support Op Sched (WIN, REG, VIC, TEK);
- Targeted support to DND contractual requirements in VAN & OTT; and
- Support other safety/urgent requirements as directed.

*Due to limited capacity, please do not use DVPNI unless specifically authorized.
Report your status to your supervisor daily by 09h00.*
