

FMF Cape Breton – Op LASER Update 25 June 2020

**Current Posture:
3B “Sustain”**

Update Message

The CO sent a yard-wide communication today about the next step in our ‘covid journey’ at FMFCB: We will begin planning to move to Expanded Business Resumption. The province moved to Phase 3 of the BC Restart Plan yesterday, and we will following suit no earlier than 6 Jul 20, and perhaps later. This will give us the capacity to meet important RCN requirements, including sending two ships to RIMPAC, deploying a ship in the fall and sending a submarine to sea. With the low risk of covid in the local area, plus the ECP measures we have in place, we will be able to provide this support to the RCN at low risk to our personnel.

Part of the ‘new normal’ seems to be constant change. Rest assured that your managers, JOSHE reps and union leadership continue to be involved in working together to ensure we minimize risk while responding to the fleet’s needs; and please feel empowered to raise issues up through your supervisor. Let’s continue to move forward together!

Work Priorities

- Execute work periods to support Op Sched (VIC, WIN, REG, TEK);
- Targeted support to DND contractual requirements in VAN & OTT; and
- Support other safety/urgent requirements as directed.

*Due to limited capacity, please do not use DVPNI unless specifically authorized.
Report your status to your supervisor daily by 09h00.*
