

FMF Cape Breton – Op LASER Update 10 August 2020

**Current Posture:
3A “Surge”**

Update Message

HMC Ship *Regina* and *Winnipeg* departed for RIMPAC after an impressive sail- and fly-past of the waterfront last week. This has significant importance in terms of Canada’s contribution to international peace and security, despite the current pandemic, and FMFCB played a huge part in this – we should all be proud. We have also completed our work period in HMNZS *Te Kaha*, which will sail for sea trials in September, we’re keeping on track with our plan to complete HMCS *Victoria*’s Repair Work Period, and we’re starting HMCS *Calgary*’s Short Work Period.

The risk of COVID-19 on the island remains relatively low. However, the number of cases in the province is creeping up, and time has shown that public health measures, particularly physical distancing or wearing a mask, requires a difficult shift in habit. To that end, the CO has directed that we shall all either wear a mask or have one around our neck while at work, unless at a work station and more than 2m from others. This should help us to make the habit second-nature to protect ourselves and others. Keep up the good work, and keep your mask handy!

Work Priorities

- Execute work periods to support Op Sched (VIC, CAL);
- Targeted support to DND contractual requirements in VAN & OTT; and
- Support other safety/urgent requirements as directed.

*Due to limited capacity, please do not use DVPNI unless specifically authorized.
Report your status to your supervisor daily by 09h00.*
